## WANTS TO BREAK RALEIGH WILL

Widow of Deceased Bishop Enters | Short Line to Add Another Attrac-Action in District Court.

WANTS THE TITLE QUIETED AFTER ROADBED IS OILED.

Property in Question Was Willed to The Church of Jesus Christ of Latter-day Saints.

An action was filed in the district court today which has for its ultimate purpose the breaking of the will of Alonzo H. Raleigh, deceased. Emily P. Raleigh is plaintiff and Caroline C. R. Wells, Jacob T. Raleigh, L. West, E. E. Romney and William Asper and Alfred solomon, as executors of the estate of A. H. Raleigh, deceased, and the Church of Jesus Christ of Latter-day Saints are defendants.

Plaintiff alleges that she is the owner in fee, in the possession and entitled to the possession of lot 1, block 114, plat A. Sait Lake City survey, and that defendants claim that they have some adverse right of title to said property. She asks that the title to the same be

Children of Late Theodore Grow Sue Studebaker Bros. for \$15,000.

Marcus J. Grow et al, by Sarah J. Grow, their guardian ad litem, and Sarah J. Grow in person, today filed a \$15,000 damage sult against the Studebaker Bros. company of Utah, for the death of Theodore M. Grow, the father and husband of plaintiffs.

The complaint alleges that on Dec. 20, 1901, Theodore M. Grow was employed by the Salt Lake Building and Manufacturing company to perform some

ufacturing company to perform some

labor on the roof of the Studebaker building on State street. The roof of said building is of sheet iron and extends beyond the wall or end of the building for a distance of 18 inches. Said extension is nothing but sheet iron and has no support whatever.

In performing his labors it became necessary for Mr. Grow to step upon such extension, which immediately gave way, letting him fall to the ground, causing him injuries from which he died on March 22, 1902. Negligence of defendant is charged because it keew of the unsafe condition of the roof and did not give the Sait Lake Building and Manufacturing company or Mr. Grow any warning about it whatever.

WANTS \$10,000 DAMAGES,

Boy Burt by Cars Now Sues U. S. Mining Company.

Herbert E. Post, by Sarah Post, his guardian ad litem, today filed a sult in the district court against the United tates Mining company to recover \$10,-000 as damages for personal injuries received on Nov. 20, 1901, by being thrown from a car on defendant company's tramway, running for a distance of several hundred feet from the Old elegraph mine in Bingham canyon.

Plaintiff alleges that the track is ery steep, and, on the above date, he

and several other employes of the company were instructed to go down said track on a hand-car to get some sup-plies for the mine. In descending the steep incline, the car, by reason of not being supplied with a good brake, be-came unmanageable and could not be stopped. It ran off the end of the tracks and threw plaintiff and his felw workmen violently to the ground injuring plaintiff in such a manner that months, and he alleges that he is permanently injured so that he will be unable to labor during the remainder of his life. Negligence is alleged on the part of defendant because it did not have the car fitted with a proper and sufficient brake.

Ordered Property Sold.

Judge Hall today rendered a decis-ion in the contest brought by several heirs of the estate of Jenathan M. Wilheirs of the estate of Jonathan M. Williamson, deceased, against the sale of a part of lot 1, block 39, plat A. The heirs, who reside in California and be east, claimed that there were no debts of the estate for which the property was laible and which would necessi-

tate the sale of the same.

Judge Hall holds that the estate is in Judge Hall holds that the estate is indebted in the sum of \$8,429.79 and that enough of said real estate should be sold to liquidate such indebtedness. 12, therefore, ordered that S5x165 feet of ground in said lot be sold or so much thereof as will be necessary to raise the above sum. The property in question is situated on the northwest corner of State and Fifth South streets, just opposite the county building and just opposite the county building and faces on State street.

Judgment Rendered.

In the case of Jacob Stewart vs John A. Headland, on trial in Judge Stew-art's court, the jury today returned a verdict in favor of plaintiff for \$299 and costs. The action was appealed from a justice's court and was brought to recover for a breach of contract for services rendered by plaintiff as a draftsman in the office of defendant in

**OBSERVATION CAR** TO PORTLAND

tion to Its Handsome Train.

Experiments Near Mountain Home Are a Decided Success - Wages of Dining Car Employes Raised.

The Oregon Short Line will shortly add another attraction to its Portand special in the shape of a handsome observation car of a pattern of those now attached to the Overland Limited. In other words, one of the finest cars that money can buy will be attached to the popular train.

This car will undoubtedly prove great attraction for the traveling public, especially when the Columbia river, with its famous scenery, is reached.

Before the innovation is installed, however, it is the purpose of the company to sprinkle the roadbed with oil in order to lay the Idaho dust. As previously noted experiments in that direction have been under way for the past 10 days. One of the worst stretches of track between Pocatello and Huntington has been sprinkled and the test has surpassed expectations. Ten miles of track in the vicinity of Moun-tain Home has been treated. Prior to reaching this section yesterday the rear end of the train was practically aid-den by the swiri of dust and pebbles. Then the section was reached and with-In a second the change was marked. Passengers crowded out on to the rear platform and enjoyed the breeze without encountering a speck of dust until the end of the sprinkled strip was passed. Then there was a hasty retreat passed. T

LEWIS IS POPULAR. He Raises the Wages of the Dining Car Employes.

If Supt. Lewis of the Oregon Short Line dining car service were to run for office tomorrow he would pull a solid yote of the railroad men. Mr. Lewis has become exceedingly popular in a very short space of time following his com-ing to the west from the New York Central. No sooner had Mr. Lewis tak-en up his abode at Pocatello than he announced that on the first of the month all dining car conductors would month all dining car conductors would be raised \$10 a month and waiters \$5. This step means that the dining car service on the Short Line gets better pay than those of the Southern Pacific, O. R. & N., Union Pacific and Denver & Rio Grande. Henceforth the conductors will receive \$90 a month and the waiters \$30. As the waiters average from between \$8 and \$12 a week in tips (so one of them affirmed vesterals on (so one of them affirmed yesterday on the Pocatello run), it can readily be, seen that the boys have a good thing.

Mr. Lewis in making the raise in wages announced that he proposed to have the best men possible and to pay them accordingly. them accordingly.

Lost No Time.

The Oregon Short Line construction department has lost no time in getting down to work on the construction of a standard gauge track from the old Garfield beach depot on First South to con-nect with the Saltair line. Indications are that trains will be running over that track by July 4. Immediately af-ter the court granted permission to oc-cupy the Russel corner a gang of men started operations in cutting down trees and driving survey stakes for the spur.

WANT TAXES REDUCED.

Residents of Southern Part of Country Send in Petition. The county board of equalization to

day received a petition from 33 residents and taxpayers of West and South Jordan and the southern part of the county, asking that the assessment on all the lands irrigated by the South Jordan and the Utah and Salt Lake canals be decreased. The petition states that owing to the drouth which has increased in severity each year since 1909, it is impossible at the present time to irrigate more than 20 per cent of the land heretofore under cultivation. The remaining 80 per cent, they claim, is practically arid land and should not be taxed at the full value of irrigated lands. Petitioners claim that the crops this year are practically a total failure, and for the above rea-sons they think they are entitled to a

THE CANAL ROUTE BATTLE

MRS. M'LAUGHLIN HIS VICTIM | NICARAGUA MOST SUPPORT.

Those Opposed to Any Canal May Give Their Notes to Panama-Senators Leaving Washington.

Andy Young has had trouble again Special Correspondence. Washington, June 16.-Which route for the canal? That is the question that the United States senate is now called upon to answer. That is a ques tion which is of vast interest to the people of the country. More important still is the question whether there shall be any canal authorized at this session of Congress, for at the present time there is some doubt whether any route will be chosen. A great deal of careful consideration has been given to the canal subject since the Hepburn bill for the Nicaragua route passed the house. There are three parties in the nate on the canal question-one fav ring the Nicaragua route, one the Panama route and one against any canal. The largest party is for Nicaragua, the

but the Panama route will show con siderable strength and perhaps a ma

pority of the senate, because those who oppose any canal will vote for Panama

Heretofore canal bills have passed he senate without very much diffi-ulty-bills of various kinds, but es-ecially bills loaning the credit of the overnment to the Maritime Canal impany. None received consideration in the house. Now the house has taker the initiative, and it is "up to" the senate to enter upon this great under-taking or find some method of delaying it. That many senators shrink from such a great undertaking there can be no doubt, but that a majority favo me canal seems certain. Into the struggle have entered some of the strong men of the senate-men who do not stop until the last chance of suc-cess for what they advocate has dis-appeared. Senator Morgan has a strong following which is determined to pass the Nicaraguan bill. Senator Hanna is the leader of the opposition, and he has been most active in rallying men to his suport. It is a battle of considerable magnitude, and, unlike other heasures which have been before the mate, its disposition upon a final vote is not a foregone conclusion.

SENATORS SLIPPING AWAY.

These are the days when senator get away from the worries and cares of public life whenever they can. Some senators decide to leave the capital and do so either on account of their health or because they feel that they have given sufficient time to public af fairs for one session. Senator Hoar has gone for the remainder of the ses sion, and so has Senator Depew. The upon assurances he had received from the senate "steering committee" that Congress would adjourn by June 10, he had made arrangements to be absent from that time.

SOME OLD MEN MADE GLAD. Speaker Henderson has caused great rejoteing among a lot of very old men by giving general approval to a bill pensioning the veterans of Indian wars. There are men from 65 to 90 years old who participated in different Indian wars from Florida to the Pacific coast who will be benefited by this bill. It has been pending for a great many years and defeated whenever it came the Pacific coast, as there are more people in Oregon and Washington who will be benefited than in any other

part of the union. INTEREST FADES WITH DISTANCE.

As we get away from any great event our interest naturally abates. So it is that those matters which seemed of such great importance and so much in the public eye when this Congress convened last December scarcely receive attention now. I refer particularly to the suggestion that anarchy be sup pressed, that adequate measures b passed for the protection of the p country was ringing with demands, for legislation which would make it impos sible for another presidential as-sassination. Now, when the bill is finally considered in the house, it arouses but little interest. HEINTZ GOING TO VIRGINIA. Popular Ex:Rio Grande Raifroad Man Goes to That State.

Just as the "News" goes to press word is received that George W. Heintz, who is well known in Salt Lake, as having, until recently been the general passenger agent of the Rio Grande Western, has gone to Virginia where, t is understood, he goes to accept a very good position with the Fairmont Coal company. It is understood that Mr. Will Sharp, some week ago, offered the position to Mr. Heiniz, and that after considering the matter he finally accepted the offer at a big salary, a fact his friends will be giad to
